[The following text is a dense, continuous block of characters and symbols, likely representing a corrupted or redacted document. It contains no legible words or phrases.]

[The following text is a dense, continuous block of text, likely a scan of a document page. It appears to be a mix of English and possibly some non-English characters, but the overall structure suggests a single paragraph or a series of lines of text. Due to the low resolution and potential noise in the scan, the specific words and punctuation are difficult to discern accurately. The text is oriented vertically on the page.]

[The following text is a dense, continuous block of text, likely a scan of a document page. It is mostly illegible due to extreme blurring and low resolution. The text appears to be a single paragraph or a series of closely related sentences, but the specific words and structure cannot be accurately transcribed. It occupies the majority of the page area.]

the 1990s, the number of people in the UK who are aged 65 and over has increased by 1.5 million, and the number of people aged 75 and over by 1.2 million (Office for National Statistics 1999). The number of people aged 65 and over is projected to increase to 6.5 million by 2020, and the number of people aged 75 and over to 4.5 million (Office for National Statistics 1999).

There is a growing awareness of the need to develop services to meet the needs of older people, and a number of initiatives have been launched in the UK to address this need. The Department of Health has launched the 'Age Friendly' initiative, which aims to ensure that services are designed to meet the needs of older people. The Department of Health has also launched the 'Age Friendly' initiative, which aims to ensure that services are designed to meet the needs of older people.

The 'Age Friendly' initiative is a national programme that aims to ensure that services are designed to meet the needs of older people. The initiative is based on the principle that services should be designed to meet the needs of older people, and not the other way round. The initiative is based on the principle that services should be designed to meet the needs of older people, and not the other way round.
