the 1990s, the number of people in the UK who are employed in the public sector has increased by 1.5 million, from 2.5 million in 1980 to 4 million in 1995. The public sector has also become an important employer of women, with 5.5 million women employed in the public sector in 1995, compared with 4.5 million in 1980.

There are a number of reasons why the public sector has become an important employer of women. One reason is that the public sector has a high proportion of women in its workforce. In 1995, 85% of the public sector workforce were women, compared with 75% in 1980.

Another reason is that the public sector has a high proportion of women in its senior management. In 1995, 35% of the public sector senior management were women, compared with 25% in 1980.

A third reason is that the public sector has a high proportion of women in its part-time workforce. In 1995, 45% of the public sector workforce were part-time, compared with 35% in 1980.

There are a number of reasons why the public sector has a high proportion of women in its workforce, senior management and part-time workforce. One reason is that the public sector has a high proportion of women in its senior management. In 1995, 35% of the public sector senior management were women, compared with 25% in 1980.
