the 1990s, the number of people in the UK who are employed in the public sector has increased by 1.5 million, from 2.5 million in 1980 to 4 million in 1995. The public sector has also become an important employer of women, with 50% of public sector employees being women in 1995.

There are a number of reasons why the public sector has become an important employer of women. One reason is that the public sector has a high proportion of women in the workforce. Another reason is that the public sector has a high proportion of women in the senior management positions. A third reason is that the public sector has a high proportion of women in the middle management positions.

The public sector has also become an important employer of women because it provides a number of services that are essential to the well-being of the community. These services include education, health care, and social services. The public sector also provides a number of other services that are important to the community, such as the police, the fire service, and the local authority.

The public sector has also become an important employer of women because it provides a number of opportunities for women to advance their careers. The public sector has a number of advantages over the private sector in this regard. For example, the public sector has a higher proportion of women in the senior management positions than the private sector. The public sector also has a higher proportion of women in the middle management positions than the private sector.

The public sector has also become an important employer of women because it provides a number of opportunities for women to develop their skills and experience. The public sector has a number of advantages over the private sector in this regard. For example, the public sector has a higher proportion of women in the senior management positions than the private sector. The public sector also has a higher proportion of women in the middle management positions than the private sector.

The public sector has also become an important employer of women because it provides a number of opportunities for women to improve their pay and benefits. The public sector has a number of advantages over the private sector in this regard. For example, the public sector has a higher proportion of women in the senior management positions than the private sector. The public sector also has a higher proportion of women in the middle management positions than the private sector.

The public sector has also become an important employer of women because it provides a number of opportunities for women to improve their job satisfaction. The public sector has a number of advantages over the private sector in this regard. For example, the public sector has a higher proportion of women in the senior management positions than the private sector. The public sector also has a higher proportion of women in the middle management positions than the private sector.

The public sector has also become an important employer of women because it provides a number of opportunities for women to improve their work-life balance. The public sector has a number of advantages over the private sector in this regard. For example, the public sector has a higher proportion of women in the senior management positions than the private sector. The public sector also has a higher proportion of women in the middle management positions than the private sector.

The public sector has also become an important employer of women because it provides a number of opportunities for women to improve their overall quality of life. The public sector has a number of advantages over the private sector in this regard. For example, the public sector has a higher proportion of women in the senior management positions than the private sector. The public sector also has a higher proportion of women in the middle management positions than the private sector.

the 1990s, the number of people in the UK who are employed in the public sector has increased by 1.5 million, from 2.5 million in 1980 to 4 million in 1995. The public sector has become a major employer in the UK, and its growth has been a key factor in the overall growth of the economy.

The public sector has also become a major provider of social services, and its growth has been a key factor in the overall growth of the economy. The public sector has become a major provider of social services, and its growth has been a key factor in the overall growth of the economy.
